Why was this Spl. D.A. issued in the previous occasion and do those conditions exist now? Pl note required

CLS
16/3/50

The special daily allowance was first sanctioned to these men, as the nature of the work that they have to perform throughout requires constant moving about from place to place along sea coast. On some days, owing to the short distances to be covered, it may not be possible for them to be eligible for any T.A. at all. Besides this, they have to be away from their families all the time. The arduous nature of their duties was another reason for the sanction of the Special daily allowance.

The D.S.P. has reported that the circumstances which justified the grant of special rate of allowance on previous occasions still exist. In view of this, the proposal may be accepted in this Dept. and the draft order on page 1 above may be approved.
